### THREE OVERCOME AT FIRE BY SMOKE

Blaze in Feed Store Suffocates Firemen, but They Recover Rapidly.

LOSS ESTIMATED AT \$10,000

Oxygen Tanks, With Which Department Is Equipped, Prove Their Value.

Three firemen were overcome by smoke last night in a fire which did damage estimated at \$10,000, practically covered by insurance, to the stock and store of Walter Taylor & Son, hay and grain dealers, 119 North Eleventh Street. For a while it appeared that F. W. Eaton, of Engine Company No. 1, was killed, but he recovered and the prompt administration of oxygen gas by Dr. Harry Harland and Dr. J. F. Hinchman, Chief of Police, and the firemen, restored him sufficiently to be removed to his home in the automobile of Dr. Harland. The fire broke out in the feed store, which was filled with hay and grain. The firemen, who were equipped with oxygen tanks, recovered rapidly and the fire was extinguished. The loss is estimated at \$10,000.

From the start the firemen had a tough fight and many men were time and again driven from the building by the blinding smoke. The fire apparently started in a pile of hay in the feed store, which was filled with hay and grain. The firemen, who were equipped with oxygen tanks, recovered rapidly and the fire was extinguished. The loss is estimated at \$10,000.

SLOAN PROMISES TO AID

Owner of Old Dock Property Says He Will Not Stand in Way of Improvement.

With the approval of the City Attorney and City Engineer, a subcommittee of the Council Committee on Streets, charged with solving the bridge approach problem, tentatively proposed a plan yesterday calling for the construction of a wide thoroughfare from Main Street to the northern end of the bridge, along Fifteenth, Dock and Fourteenth Streets.

The new scheme does not differ materially from the approach plan which recently fell through with the dismissal of condemnation proceedings by the Hustings Court. Chairman Mills, of the subcommittee, expressed the opinion that the plan could be consummated between property owners and the city, by which the needed land may be acquired at about half the price assessed by the court commissioners.

SAY GUARDIAN WASTED ESTATE

Lake Heirs Ask Supreme Court to Review Actions of Trustee.

That \$28,347.51 may be too much to spend in two years on the maintenance of an insane person and the management of his estate was held yesterday by the State Supreme Court, when it granted a writ of error to J. B. Lake, Jr., and his brothers and sisters in their suit to have their father's legal guardian, Dr. J. Wilton Hope, removed for alleged extravagance and mismanagement of the Lake estate. The case was brought up from the Circuit Court of Elizabeth City County.

In 1909, J. B. Lake, Sr., a wealthy landowner of Elizabeth City County, was declared by his physician, Dr. J. Wilton Hope, to be suffering mentally from overindulgence in alcohol. On account of his peculiar actions his children then asked that he be adjudged incapable of managing his estate, and that a committee be appointed to relieve him of his business affairs. Against the protest of the children, Dr. Hope was appointed as the committee.

In the petition, the children do not deny the professional attainments of Dr. Hope, but they do assail his business ability. They declare that their father was virtually made prisoner by his committee and that his own children were not allowed to see him, although he was an old man and in very bad health.

It is alleged that undue influence was being exerted on Mr. Lake by a man, who was a close friend of Dr. Hope, and that the children were being kept from seeing their father. The children sought the removal of Dr. Hope from his post as guardian and trustee of the Lake estate.
